

# Aftermarket Parts Report

Current information on Nordco Maintenance-of-Way machine parts and kits

Issue 19 July, 2010

## More parts photos added to Nordco website

When ordering parts it can be helpful to see exactly what the items look like. That's why we continue to add images to the parts database on the Nordco website. Go to "Parts" at [www.nordco.com](http://www.nordco.com) and scroll down to search for items by part number or keyword. If a photo is available you'll see a camera icon. Click on it to view the image, which also includes the weight of the item. To date we have added close to 600 parts photos to the website, with many more to come. Click on "Add to order" and the item will automatically be added to an order request form.

**Online parts order request**  
You may make selections from the list of frequently ordered parts, or type the part number directly onto the form. We will contact you to confirm price and delivery before processing the order.

## NEW from Nordco

### Featured product: Hydraulic Tool Manifold Kit

**Part number:** 98330802 Hydraulic Tool Manifold Kit  
500748 Optional Hydraulic Spike Pulling Tool

**Can be used with:** SP2R Dual Rail Spike Puller;  
Spring Clip Applicator (NSCA)  
V-Clip Applicator (NVCAR);  
Curve Gang Spiker (CGS).  
All serial numbers.  
Consult Nordco for use on other piston pump-driven machines.

**What it does:** Provides machine mounted connection for a hand-held hydraulic spike pulling tool and other implements. Faster, more efficient and easier to manipulate than manual hand-held claw bars.

**Description:** Includes manifold block; hoses; hydraulic connections; hardware; mounting bracket for pulling tool and manifold; installation instructions.

98330802 Hydraulic Tool Manifold Kit (above) mounts on the rear of the machine. It includes a bracket to hold the pulling tool. Nordco also offers the optional 500748 Hydraulic Pulling Tool (left).

*The Hydraulic Tool Manifold Kit is used with the Nordco SP2R Spike Puller, as well as other machines, including the NSCA Spring Clip Applicator pictured above.*

## Parts in the spotlight...

Each month we highlight new and particularly useful parts

**46650068 Dual Spike Puller Claw** replaces part number 46650038. The new dual claw is a single piece high-strength hardened steel casting for enhanced durability.

*46680068 Dual Spike Puller Claw.*

## Featured product: Spike Tray Opening Black Curtain Kit

**Part number:** 98410240

**Can be used with:** CX Hammer  
All serial numbers

**What it does:** Heavy duty vinyl curtains block spike tray opening on CX Hammer. Helps shield operator by blocking heat, cold, rain, snow and debris from entering the cab during travel. Curtains bolt to cab interior.

**Description:** Includes curtains and hardware.

*98410240 Spike Tray Opening Black Curtain Kit installed in CX Hammer cab.*

*Nordco CX Hammer.*

## (Don't) let the sun shine in...

**Reduce glare and heat in the cab with Nordco Window Shade Kits**  
Nordco offers a selection of easy-to-install shade kits. Below is a list of kits for retrofitting various machines with cabs.

<b>Part #</b>	<b>Machine (all serial numbers)</b>
98410255	CX Hammer
96690152	BAAM Anchor Applicator
98760246	TRIPP Tie Exchanger
460366	SP2R Dual Rail Spike Puller standard cab (3 curtains)
460515	SP2R extended cab (5 curtains)

*Nordco Window Shade with installation hardware.*
