98760080 TRIPP Cab Front & Rear Window Wiper Arm Kit.

Parts in the spotlight...

Each month we highlight new and particularly useful parts

7550300 Retractable Live Track Belt

Used on interior of cab on TRIPP Tie Exchanger to warn machine operators of adjacent live track. The canister holding the belt attaches to the interior cab wall to the side of the door. The retractable belt extends across the door opening and is held in place by a bracket mounted on the opposite side. Kit includes live track belt, mounting brackets and hardware. Fast installation in shop or field. Two kits required per machine.

7550300 Retractable Live Track Belt. The spring loaded live track warning belt retracts inside a canister (top). The highly visible belt extends across the door in the cab interior.

Featured product: Electric Trumpet Horns Assembly

Part number: 96412426 (24V) for CX Hammer w/cab; SP2R
96412427 (12V) for Model C; Super Claw
