

Featured Exchange and Rebuilt Component: CX Hammer Bulk Loader Exchange

Part number: Multiple, depending upon options. The two most popular Bulk Loader Exchanges are:

90410200 BULK LOADER WITH DUST SUCTION EXCHANGE

90410046 BULK LOADER WITH SPIKE BUSTER, DUST SUCTION & WALKWAY EXCHANGE

Contact Nordco to determine the unit best for your application.

Machine: CX Hammer and Model C, all with Bulk Loader.

What it does: Complete, ready-to-install Bulk Loader.

What it does for you: Replace your worn Bulk Loader with a like-new unit in a single step. Multiple options also provide an opportunity to upgrade your machine. These include:

Dust Suction: Vacuum system removes airborne debris before it enters the cab interior.

Spike Buster: Hydraulic ram breaks up "spike jams," keeping spikes flowing freely into the cab.

Bulk Loader Walkway: Moveable platform mounts on top of bin. In down position provides access to service top of cab; in up position protects rear window of cab when loading or unloading spikes.

Top: CX Hammer with Bulk Loader Walkway in up position. Middle: Bulk Loader, side view. Bottom: Underside of Bulk Loader showing Dust Suction and Spike Buster options.

The Nordco Exchange Component Program

Nordco offers an extensive selection of Exchange Components for our Maintenance-of-Way Machinery. Here's how it works: Nordco sends you a completely refurbished unit. You receive a like-new component, with full warranty, at a reduced cost. You send Nordco your old unit, which is then used for future rebuilds. Each month the Equipment Services Bulletin will feature one of our Exchange Components.

For more information, contact Paula Ranchel at 262-358-1352 or email pranchel@nordco.com

98410550 Bulk Loader Cover Kit

Keep debris, ice and snow out of your Bulk Loader bin with the Nordco Bulk Loader Cover Kit. Attach rope or bungee cords to grommets to secure cover. Cover is large enough to allow slight mounding of spikes. (Maximum heap load is 3 inches above top of bin).

NEW FROM NORDCO

**Featured Product:
TRIPP Wear Pad & Shim Kit**

Part number: 98760155

Can be used with TRIPP Tie Exchanger
Serial number 760163 & up

What it does: Help ensure proper fit and performance of TRIPP boom with replacement of wear pads and shims on both sides of the machine.

Description: Kit includes the following components:

<u>Qty</u>	<u>Part #</u>	<u>Description</u>
16	76340110	WEAR PAD
8	70527110	SHIM, 6.00" X 11.00" X 16 GA.
8	70527210	SHIM, 6.00" X 11.00" X 11 GA.

Kit also includes all required installation hardware.

Nordco TRIPP with boom extended.

98760155 TRIPP Wear Pad & Shim Kit.

NEW FROM NORDCO

**Featured Product:
TRIPP Grease Tube Kit**

Part number: 98760103

Can be used with All TRIPP Tie Exchangers

What it does: Kit to change out front and rear grease tubes. Extend life of frame rollers with proper lubrication. Good preventative maintenance or to have on hand if tubes fail due to vibration or exposure to elements.

Description: Kit includes the following components

<u>Qty</u>	<u>Part #</u>	<u>Description</u>
1	82586475	REAR ROLLER FRAME GREASE TUBE
1	82586500	FRONT ROLLER FRAME GREASE TUBE

Kit also includes Elbows and Adapters.

98760103 TRIPP Grease Tube Kit.
